### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The Amendment filed on September 1, 2005 has been entered. Claims 4, 5, 10, and 19 have been cancelled. Claims 1, 9, and 16 have been amended. Thus, claims 1 – 3, 6 – 9, 11 – 18, and 20 – 25 are pending.
3. The 35 USC 103 rejection based on Trokhan et al. (5,556,509) and Trokhan et al. (5,624,790) is withdrawn because Trokhan et al. fails to teach or suggest that the batting layer on the surface opposite the patterned surface extends through the base layer and the reinforcing layer of the composite.
4. The prior art fails to teach or fairly suggest a papermaking belt fabric comprising a first lamina having a reinforcing woven layer with a patterned surface forming the first surface of the papermaking belt fabric and a second layer having a base layer and a batting layer, wherein the batting layer forms the second surface of the papermaking belt fabric, and the batting layer extends through the reinforcing layer, as well as the base layer, of the papermaking belt fabric. While the prior art discloses forming batting layers which are needled through woven fabrics, the prior art fails to teach having a batting layer needled or extended through both a base layer and a reinforcing layer of the papermaking belt fabric. Thus, claims 1 – 3, 6 – 9, 11 – 18, and 20 – 25 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
